

Diving In The Cayman Islands

Don Foster's Dive was established in 1982 and is one of the island's most respected dive operations. Our waterfront location features spectacular shore diving or snorkeling opportunities and is adjacent to Devil's Grotto, one of Grand Cayman's most famous shore dives.

With our fleet of 6 spacious boats, we offer daily 2 tank dives, 1 tank dives, Kittiwake wreck dives, Stingray City dives and fantastic guided night dives from shore to our house reef, Casuarina Point. Our expanded retail shop offers drinks, snacks, souvenirs, and t-shirts with full dive equipment rental. Instruction available from

Introductory Scuba courses to full Open Water Dive up to Divemaster certification

1st Rate Dive Operator

Did a 2 Tank dive with Don Foster's in Grand Cayman on March 21, 2013. It was an excursion off the Carnival Conquest. This is a great dive operator, highly recommended. They took us to Eagle's nest reef and Wildlife reef. Visibility was about 90 ft and the coral was incredible. We saw a spotted eagle ray, barracuda, queen angelfish, sea turtles....

Great Staff, Good Dive Sites

I have dived with Don Fosters several times, on 2 different trips to the Cayman Islands. Staff are fun loving and helpful, and ensure that you have a great time.....

Facilities

Don Foster's Dive Cayman is located on South Church Street, approximately ½ mile south of George Town Harbor, a 10-15 minute walk from the cruise ship terminal. Our waterfront base is a white and blue traditional Caymanian style building overlooking the beautiful Caribbean Sea.

We have a fresh water training pool on-site surrounded by a sun deck, leading down to our BBQ area with shaded picnic tables and million dollar ocean views!

Our boat dock has large rinse tanks and drying racks for your personal dive equipment, we offer a secure customer storage area for those who prefer to leave their gear at the dive shop overnight.

If you wish to relax and stay a while after your dive trip, feel free to take five on a shady lounge chair under a Casuarina Pine. It's the perfect place to fill in those dive logs!

We rent Scubapro BCD's (XXS to XXL) and regulators with dive computers included. Enriched Air Nitrox tanks are available for rent for qualified divers. Shorty wetsuits are also available as well as masks, snorkels, fins and snorkel vests for both adults and children. All of our BCD's and regulators are serviced in-house by our own Scubapro qualified service technician.

Browse our retail store for souvenir items, t-shirts, dresses, shorts, hats, sunscreen, sodas and munchies. Restrooms and change rooms are located inside.

Testimonials

Outstanding and Friendly - We've been diving all over the world, and this trip with Don Foster's was fun, professional, kid-friendly, and we felt instantly at home with them. We're most certainly using them again when we return! You can trust this amazing company and enjoy the personal attention they will give you. If you're searching for a dive company, search no longer! Our Boats

We operate a fleet of six boats, all of which are spaciouly designed with our customers in mind, allowing for easy entry to and exit from the water whilst providing plenty of room onboard.

Our current fleet includes two sleek V-hull dive boats, three custom built flat-top snorkel boats and a twin-deck catamaran available for specialized snorkel trips and exclusive private charters.

All of our boats have fresh water showers and ample dry storage for your belongings. We provide complimentary iced drinking water and ice chest facilities, to keep your personal refreshments cold. Our dive boats have fresh water rinse facilities for dive electronics, cameras, computers, dive lights etc.

- Cayman Sky - 48ft/15m twin screw, V-hull - max. 24 divers
- Cayman Wall - 40ft/12m single screw, V-hull - max. 16 divers
- Cayman Sun - 54ft/17m twin screw, flat-top - snorkel boat
- Cayman Star - 55ft/16m twin screw, flat-top - snorkel boat
- Skin Diver - 59ft/18m twin screw, flat-top - snorkel boat
- Emerald Eyes - 65ft/20m twin screw, twin deck catamaran

Our boats are fully equipped with emergency O₂, first aid kits, back boards, VHF radios, cell phones and life jackets, and are regularly inspected by Cayman Islands Port Authority and Marine Surveyor.
